Pool Fund At \$34,000

BELLE GLADE—The Swimming Pool Fund thermometer in front of the Chamber of Commerce office showed \$34,000 this week, moving up with strong support from the business district.

Spider Lindrose and Doug Thompson have recently finished canvassing the business houses, they reported to Chairman Eugene Ellis.

However, few of the residential workers have been on the job, and some have not yet picked up their campaign kits. Thus far, \$2,000 has been turned in from residential. The packing houses are to be canvassed next week, Secretary Edwin Young reported, and contacted to handle that job have been J. Marvin Unwin, Mrs. Ruth Wedgworth, R. E. Hotard, and Rudy Faulk.

The executive committee of the fund-raisers will meet this afternoon at the Chamber office. Mrs. Young said that in addition to the Cee Jays Orchestra offer to play for a pool benefit dance, a carpenter has volunteered a week's work for pay to be turned over to the pool fund.

So. Bay Council In Light Session

SOUTH BAY — The agenda at City Commission meeting this week was very light.

Permission was given to move a house. Building permits were granted to W. W. Platt and O. B. Cook for new homes; also for an addition to the Frank Willits home, repairs to the Starling Motel, and new roofs to the H. B. Walker and Floyd Wilder homes.

Seventy-five dollars was allocated to Rosenwald School for their summer recreation program. A refund was granted to Mary Simmons for a beer licence which was not used and which had been taken out only a few days before.

The City Clerk was authorized.

HIGHWAY PATROL ON FULL DUTY FOR HOLIDAY

TALLAHASSEE—The Highway Patrol will be on the highways of Florida in full force during the July 4 holiday to try to keep people from killing themselves in traffic crashes.

Looking at last July 4 holiday wreck deaths of 12, Comdr. H. N. Kirkman said that figure has to be improved on this year, and told all patrol troopers "Don't hesitate to arrest, and, if necessary, jail violators."

CAMERA REPORT: So. Bay Swims

PAHOKEE BLDG. SURPASSES '54

PAHOKEE—Building in Pahokee the first six months of 1955 showed a \$34,288 gain over the equivalent period last year, for a total of \$295,672 in permits issued, City Inspector Frank Thompson said this week.

The 1954 six-month figure was \$261,384. A large amount of residential building, including the multiple houses of Pahokee Builders Inc. contributed toward the gain, Thompson said. Largest single amount was the permit for \$136,900 for construction of an addition to East Lake School, for four classrooms, a library, a "cafeteria," and a teachers' lounge. The contract was awarded on June 17, when Glades School Board Members Thurmond W. Knight and Henry Earwood moved for the action.

BG Rec. Program Now Includes 250

BELLE GLADE—The Belle Glade recreational program entered its second week with approximately 250 boys and girls registered. The band program, under the direction of John Munroe, bandmaster, started Monday morning at the high school.

Hector Ouellette is offering swimming for beginners each morning. The group leaves the park by truck for Pahokee at 10:20 a.m. and this week the girls have been going Monday, Wednesday and Friday, while the boys go Tuesday and Thursday. Next week this will be turned about so that each gets an equal number of sessions. Transportation was provided last week by Buford Prescott and George Wedgworth, while this week M. C. Ward took the girls on Monday, and Vernon (Continued On Page 5)

SOME RD. WORK IS REQUESTED

A request that a section of State Road 80 between South Bay and Six Mile Bend be declared an emergency and that the road be resurfaced before the start of the next farming season, was made this week by the County Commission.

The action was asked by Commissioner Paul Rardin, Canal Point, who said he doubted that the section of SR 80, which serves many of the large growers in the Everglades, would stand up for another year. Rardin said he realized that the present road board had been hampered by the lack of funds earlier this year but that by now, gas taxes should have built up SRD funds. He said the resurfacing had been requested in the Palm Beach County road and bridge program this year but had later been deleted by the state.

In another action, the commission supported Rardin in a resolution which the Glades commissioner presented asking that Muck City road between Pelican Lake City and Conners Highway be completed. He asked that gas tax funds totaling \$133,000 be earmarked for construction of the Muck City Road.

6 MOS. TAGS ON SALE; SUMMER HOURS ARE SET

BELLE GLADE—With half-year auto tags going on sale today, Mrs. Edwina Young, in charge of tag sales at the Belle Glade Chamber of Commerce office, has set July 1-8, 9:30 a.m. to noon, for sale of those tags. After that the office will be closed for the summer, but Mrs. Young will remain on call to dealers.

In Pahokee, Miss Patsy Bachelor announced that her tag office at City Hall will be open from 8:30 a.m. to 5 p.m. weekdays throughout the summer, but will be closed Saturdays in accordance with summer hours at City Hall.

HAVE A CONSCIENCE

Everybody in the Glades area who owes money to Dr. George W. Elarbee, Pahokee, is urgently requested by friends of the Elarbees to pay up. The Elarbees urgently need the money, and friends ask that it be sent or brought IMMEDIATELY to the residence.

CLEARY GETS B'WATER JOB

PAHOKEE—The City of Pahokee this week was drawing up a contract for construction of its new breakwater by Cleary Bros. of West Palm Beach, after a final stormy Monday session on the matter.

At an 8 a.m. meeting that day, after the recommendation of Engineer K. C. Mock, Cleary was awarded the contract to build the breakwater at a cost of \$182,493.75. Highest in the group of seven bidders was Hardaway Construction, of Columbus, Ga., which bid \$242,375.

CCs Act To Back U. S. Sugar Bills

Both the Belle Glade and Pahokee Chambers of Commerce through their boards of directors, this week took action in raising the quotas for U. S. sugar producers, an issue before the U. S. Congress.

The Chamber bodies of Florida legislators in support raising the quotas, which restrict American sugar growers while benefitting foreign interests.

The Belle Glade Chamber additionally let its views known to a group of midwestern Congressmen who are posing the bills to give American producers a break on sugar output.

HANDLEY 'TREE-CRASHER'

A six-wheeled "jungle destroyer," officially named a "LeTourneau Tree Crasher", travelling on the largest rubber tires in the world, has been purchased by Handley Construction Co., Pahokee, for use in landclearing work. Handley bought the giant machine from R. G. LeTourneau, Inc., of Longview, Tex., to use along the Florida-Georgia line. Each wheel of the 120,000-lb. vehicle is four feet wide and 10 feet tall. Because the tires can operate with air pressures as low as five pounds, according to the manufacturer, the actual per-square-inch weight of the machine upon the ground is about the same as that of a walking man, helping make the unit well-suited for work in swampy or sandy areas.

to award the contract. O. B. McClure reiterated his opposition to the breakwater. Inman Weeks said he did not oppose the breakwater, but felt action should be delayed until word has been received from the Port Authority as to how much assistance it will give on the city's annual repayment of the \$200,000 Internal Improvement

Commission loan to build the structure.

Appearing in behalf of construction of the breakwater were W. D. Howard, Elmer Jones, James H. Wilson, and Joseph Kahn. Howard pointed out that when the breakwater is built "Our youth... can look forward to a waterfront program second to none in the na-

tion." He said he had full confidence in the actions of City Council and believed they should continue their efforts for the breakwater.

Councilman Blanche Armstrong, who said she could not approve the expenditure of funds for the breakwater until there was more indication what funds would be forthcoming

from the Port Commission, took the chair and Councilmen George Tucker, Jr., and Loren Meredith voted "yes" to pass the awarding of the contract.

At the same session, Councilmen voted to re-advertise for a new police car and Weeks asked the city to look into the possibility of establishing a municipal power plant.

JULY 4 CROWD EXCEEDS 2500

PAHOKEE — An estimated 2,500-3,000 Glades residents in some 800 cars gathered at the Pahokee waterfront for the first annual Gladeswide Fourth of July celebration sponsored by the Pahokee Chamber of Commerce Monday night.

Police clocked 550 cars off the levee after the fireworks, and estimated another 200 which came and went at various times during the barbecue, program, and fireworks display and were parked off the levee.

Col. Thomas H. Goodman, regional administrator for the Federal Civil Defense Administration in the Southeast, was principal speaker. He told his vast audience that Russia cannot be considered anything but a threat to the people of the United States, and that "hours and in some cases only minutes" of warning would be given in case of an air attack on the U. S.

For that reason, he said, all Americans, whether Floridians, residents of the industrial North, or of the far West, must be willing to give some time to serve in the Air Force-CD chain of warning stations.

He asked Glades residents to remember that the threat to America from foreign shores

Pool Fund Heads Toward \$36,000

BELLE GLADE—The Swimming Pool Fund neared \$36,000 yesterday as workers were hard at it on personal contacts of individuals and packing houses, Secretary Edwin Young reported.

A sizeable contribution was in from a Canal Point resident. South Bay is as yet unreported. A workers' and committee meeting will be held Tuesday at 4:30 p.m. at the Chamber of Commerce office, for further planning.

BG TEEN CLUB IS UNDER WAY

BELLE GLADE — The Elk's Club for teenagers had its first evening program Friday evening at 7:30 at the Elk's Club when 70 boys and girls registered for the round and square dancing, ping-pong, pool, and other table games.

There were two door prizes, of two show passes each, donated by the Gold-Dobrow Theatres. These were won by Billy Cowart and Margie McDonald. This week's door prizes are being donated by the Glades Drug Store.

The program will continue each Friday evening for the summer from 7:30 to 10:30 for junior high and high school boys and girls. Two Elks members, and two mothers will be present each week as chaperones.

The young people are required to register, and if they leave before 10 p.m. they must also sign out, and may not return later during the evening. There will be round and square dancing, pingpong, pool, pinball machines and checkers, and this week Hubert Anderson will call for the square dancing. Soft drinks and cookies will be for sale.

Glades Speaks Up For Local Sugar Increase

U. S. Congressmen and Senators were hearing that the people of the Glades are determined that American sugar producers will get a better break on production quotas, as a result of action this week spearheaded by the Chambers of Commerce of Belle Glade and Pahokee.

Following up preliminary wires last week, the Chambers, as

well as the Belle Glade Jaycees and Lions, were sending resolutions to Congressional committee concerned and the Florida delegation regarding the bills on sugar now before the legislators.

Every wire and resolution has urged that Congress take action to give American producers a chance to sell their sugar which now, under present restrictive quotas, is piling up despite lessened acreage.

Cuban interests were given a chance to recoup following World War II, by an act of Congress permitting them to ship so much sugar to the U. S. that American growers were cut back.

The bills presently before Congress, including one introduced by Rep. Paul Rogers, ask that the quotas of U. S. producers be raised, without immediate lessening of the Cuban imports. Ultimately, the bills will give the U. S. growers 55% and sugar importers 45% of the total.

3 Pahokee Girls High In Jr. Swim

PAHOKEE — Three Pahokee girls entered the 1955 Palm Beach County AAU Junior Olympics recently at the Lake Worth Casino, and Miss Yvonne Thompson, 10-year-old daughter of Mr. and Mrs. Joe Thompson, won first place in midget free style race. The state record is 15.4 seconds and Yvonne beat the record by making 15.2.

Miss Judy Canipe, 10-year-old daughter of Mr. and Mrs. Clyde Canipe, was second prize winner in the midget backstroke race. Miss Kay Canipe, eight-year-old daughter of Mr. and Mrs. Clyde Canipe, was third winner of the midget breast stroke race.

Each of the girls are eligible to swim in the district contest to be held in Miami the last of July. W. D. Howard is their coach.

The tax paid by gasoline dealers in Palm Beach County for the year totaled \$3,385,023.18, of which was distributed \$1,002,844.73 for road bonds and road building purposes in the county.

BG ARMORY TALKS SET

County officials have scheduled a meeting the week of July 18 with State National Guard representatives to discuss construction of a new armory at Belle Glade.

The Belle Glade Guard unit, Company E, 211th Infantry, commanded by Lt. John Cromartie, has made a request to the county for funds to supplement money already marked for construction of the Armory.

Col. Ralph Cooper, state quartermaster, advised the commission that a number of Florida cities and counties have made contributions to armory funds to allow additions in excess of what military authorities consider minimum criteria for this type of construction. Col. Cooper cited the case of Hollywood where an armory had been built to meet Federal criteria and at Fort Lauderdale, where additional funds contributed by the city, had allowed construction of more extensive facilities.

Allocated for armory construction at Belle Glade is \$38,000 in state funds and matching funds from the federal government. The commission Monday instructed Attorney Harry Johnston to confer with Col. Cooper and Lt. Cromartie to review plans for the Belle Glade armory.

Pahokee Bank Has Record Deposits

PAHOKEE—Deposits in the Bank of Pahokee for the six-month period ending June 30, 1955, are higher than any of this period in the history of the bank, President H. M. McIntosh reported this week.

With \$6,102,702.39 recorded in deposits with the end of the first six months, the increase is approximately a million dollars, McIntosh said.

The bank's statement of condition shows undivided profits of \$67,465.28. Loans and discounts, less reserve are at \$1,458,008. U. S. bonds total \$2,232,833.13.

2 EES Men At U For Summer Work

BELLE GLADE—Two men from the staff of the Everglades Experiment Station, Dr. Victor L. Guzman, assistant horticulturist, and Dr. Charles T. Ozaki, assistant chemist, are at Gladesville attending summer school at the University of Florida.

They are attending a Southern regional graduate summer session in statistics, a program which has been initiated jointly by the University of Florida, Virginia Polytechnic Institute and North Carolina State College. Last year the first session was held at Virginia Polytechnic Institute at Blacksburg, Va.

SCOUTS CONTINUE IN ACTIVITIES

PAHOKEE—Boy Scout Troop 28, sponsored by the Pahokee Lions, is continuing its activities this summer, and on July 10 will go to Camp Osborne for a week, according to Scoutmaster Louis F. Mims.

With Mims and Neighborhood Commissioner Ed. Carver, the boys were given a guided tour of the world's largest low-level pump station at 20-Mile Bend last Saturday by the Army Engineers. Then they went on to the Palm Beaches for swimming.

Sunday the Explorer Scouts will go with their leaders to Kramer Island on a special trip.

CLEWISTON VFW MARKS A DECADE TOMORROW

CLEWISTON — Hawkins-Kirk-Gordon Post 4185, Veterans of Foreign Wars, which has been a leading force in civic matters since its inception, will be 10 years old tomorrow.

The post's birthday will be celebrated with a dance, for which the Cee Jays Orchestra of Belle Glade will play, beginning at 9:30 p.m. at Sugarland Auditorium. All Glades residents are invited.

BARBARA WILLITS ELECTED CAP ADJ.

BELLE GLADE — Barbara Jeanne Willits, South Bay, was elected as the new adjutant of the Glades Squadron CAP Cadets at a meeting held last Sunday.

Her new position also brought her a promotion in rank to First Sergeant. Miss Willits replaces M/S Frances Sloan who recently resigned from the position.

CLEARY—

to award the contract. O. B. McClure reiterated his opposition to the breakwater. Inman Weeks said he did not oppose the breakwater, but felt action should be delayed until word had been received from the Port Authority as to how much assistance it will give on the city's annual repayment of the \$200,000 Internal Improvement

Commission loan to build the structure.

Appearing in behalf of construction of the breakwater were W. D. Howard, Elmer Jones, James H. Wilson, and Joseph Kahn. Howard pointed out that when the breakwater is built "Our youth... can look forward to a waterfront program second to none in the na-

tion." He said he had full confidence in the actions of City Council and believed they should continue their efforts for the breakwater.

Councilman Blanche Armstrong, who said she could not approve the expenditure of funds for the breakwater until there was more indication what funds would be forthcoming

from the Port Commission, took the chair and Councilmen George Tucker, Jr., and Loren Meredith voted "yes" to pass the awarding of the contract.

At the same session, Councilmen voted to re-advertise for a new police car and Weeks asked the city to look into the possibility of establishing a municipal power plant.
